Fight bacteria - With hygienic mixers

The humid conditions of a commercial kitchen increases the risk of rust and bacterial growth and put conventional kitchen appliances under severe stress. Varimixer is the worlds' only commercial mixer made from 100% stainless steel that is fully washable and easy to keep sterile. This includes the bowl, wire whip, beater, dough hook and scraper. The result is super strong and completely rust-free appliances for improved hygiene and durability. Learn more at <https://varimixer.com>
