

Text for Varimixer SoMe post:

Video: Varimixer SoMe - Kodiak new whip

Easier workflow, lighter foam and longer service life. These are just three of the benefits you get with the upgraded whips for KODIAK20 and KODIAK30. We have removed two wires for easier handling and cleaning access. The combination of off-set wire geometry and thinner wires in solid spring stainless steel enhance efficiency and robustness. The updated whips are included when you buy KODIAK20/30. They also fit older models and can be purchase as accessories. For more info: <https://varimixer.com/produkt/kodiak/>
