Video: Varimixer SoMe No more heavy lifting

No more heavy lifting! The Kodiak mixer bowl is seated on a trolley that makes operating, moving and cleaning a breeze. The bowl is locked in place, raised and lowered in a single movement using the ergonomically designed handle on the side of the machine. The integrated trolley takes up no extra storage space as it is wheeled in under the mixer when not in use. Take a look for yourself at <https://lnkd.in/ePZx5Cb>
