Video: Varimixer Test your knowledge - pizza version

Leading pizza chains rely on professional mixers from Varimixer. The trend is to make the dough locally and not in large batches in a central kitchen. Varimixer offer a special Pizzeria version of one of our mixers that enable the individual pizzeria operator to prepare dough, grind cheese, cut mushrooms and vegetables on the same powerful machine.

Which of these mixers is available in a Pizzeria version? ERGO, AR or KODIAK?

Write your suggestion in the comment field.

This guide will help you specify the right model:
