

Varimixer

Double groove bayonet for AR40 mixers

Available from 1. January 2025

Improved build-in bayonet interface

Self-locking system to achieve the best possible
tool fit for steady, robust performance.

Notice:

The new double pin tools will not fit single groove bayonets.
Please be aware when ordering tools for older AR40 built before
1/1 2025!

Choose a tool which fits the old single groove bayonet, combined
with single pin tool if your AR40 mixer is before 1/1 2025!
